About the Report

The **Office of Public Insurance Counsel (OPIC)**

is a state agency, which represents consumers as a class in insurance matters.

The 75th Texas Legislature directed OPIC to issue annual reports comparing HMOs in the State of Texas.

This report reflects the experience of Texans in Health Maintenance Organizations (HMOs) during 2007. The first section of the report illustrates the results of the Consumer Assessment of Healthcare Providers and Systems, Version 4.0H (CAHPS™ 4.0H). The responses of HMO members are broken down by service area and are compiled to reflect the experience of consumers in each of the following seven regions: Central Texas, East Texas, Gulf Coast Texas, North Texas, Panhandle/Plains Texas, South Texas and West Texas. The sections following the survey results contain complaint data, market share, and other statewide information collected by the Texas Department of Insurance. The report concludes with additional sources of information and assistance.

The survey results published in the report reflect only answers given by enrollees in a commercial HMO plan. Medicaid and Medicare enrollees were not surveyed as part of the CAHPS 4.0H™. However, Medicaid information is readily available from the Texas Health and Human Services Commission (HHSC). Medicare information may be obtained from the Centers for Medicare and Medicaid Services (CMS). Refer to pages 115-116. ERISA plans are also excluded. See page 116 for more information on ERISA plans.

Who did the survey?

The CAHPS™ 4.0H survey was performed by independent survey vendors. Each vendor was certified by the National Committee for Quality Assurance (NCQA); a not-for-profit organization committed to assessing, reporting on and improving the quality of health care.

The survey comprises the consumer satisfaction measure for the Healthcare Effectiveness Data and Information Set (HEDIS®) that Texas HMOs are required to submit annually to the State of Texas.

Who was surveyed?

The CAHPS™ 4.0H survey was compiled from answers from more than 8,500 adults enrolled in 28 health plans across the state of Texas and who had been enrolled in their plan continuously for the 12-month period from January 1, 2007 to December 31, 2007. Those surveyed answered only questions pertaining to health care services they had actually received during the 12 months immediately preceding the survey.

How was the survey done?

The survey was administered primarily by mail, with a telephone follow-up to those not responding to the mailed questionnaire. The survey was voluntary and confidential.

The survey asked HMO members questions about their experiences with their health plans and medical care, such as:

- Were claims handled quickly and correctly?
- Did they get the care they needed?
- Could they get appointments quickly when they needed them?
- Could they get information they needed from the health plan?

What was the response rate?

The average response rate for the survey was 28%. Of the 33,797 plan members selected and eligible to participate in the survey, 6,075 completed the survey by mail, 2,127 by phone and 347 online. Refer to each region for a list of response rates by plan.

How the report can help you?

This report gives you information about health plan quality from the point of view of people who were enrolled in the plans during 2007.

This report can help you choose a health plan by showing you how the plans in Texas compare on some important quality topics. Although this report compares plans, it does not tell you which one to choose. You should pick a plan based on what is most important to you and your family.

Why does health plan quality matter?

When you pick an HMO, you are also picking the doctors, hospitals, and other providers you can use. You are also choosing plan administrators who review and approve or disapprove doctor-recommended care and provide financial incentives to doctors based on the amount or type of care provided. That is why it is important to consider consumer ratings of health plan quality along with costs and covered services.

For a short description of health maintenance organizations and how to get additional information, see pages 4 and 114-116.

What to consider when choosing an HMO?

- *Which are available where you live or work?*
Review the HMOs' membership information, or call the customer service departments (see page 113).
- *Which offer the benefits you want or need?*
Review benefit information from your employer or the HMOs. If you use specific medication, check to see if it is covered. You may need to call the plans to get all your questions answered.
- *Which can you afford?*
Review cost information from your employer or the HMOs, including out-of-pocket costs.
- *Which include your preferred doctor, provider and hospital?*
If it is important to you or someone in your family to use a specific doctor or hospital, find out if they are in the networks of the health plans that you are considering. Review the HMOs' physician directories and membership information, or call the customer service departments.
- *Which performed well on the consumer ratings of health plan quality in this booklet?*
Review information from the consumer satisfaction survey section of this booklet.

Health Plan (write in name)	Available near work or home	Offers benefits you want	Can afford	Preferred doctor in network	Performed well in consumer ratings	Other important considerations

What are your legal rights?

Texas has some of the most comprehensive patient protection laws in the nation.

HMOs are required to provide you with information you request about the terms and conditions of the health plan including:

- covered services,
- exclusions and limitations,
- prior authorization requirements,
- continuity of treatment,
- approved prescription drugs*,
- complaint resolution and
- the HMO's toll-free telephone number.

This information can be vitally important in helping you decide whether or not to enroll in an HMO.

Some other rights covered by Texas law are:

- Access to specialist care – in and out of the network
- Access to prescription drugs – formulary, non-formulary, and off-label uses
- Access to regular physical examinations
- Payment for emergency care, including care at out-of-network hospitals
- Continuity of care when your doctor leaves the network
- Complaints, appeals, and independent review of adverse determinations
- Prohibiting network providers from billing patients for covered services if the HMO fails to pay
- Prohibiting financial rewards to doctors for withholding necessary care
- Allowing members to change primary care physicians at least four times per year
- Legal action against a non-ERISA HMO plan for harm caused by its treatment decisions
- Prohibiting contractual limitations on treatment options doctors can discuss with patients
- Covered health care services available within a certain mileage
- Requiring hospitals and doctors to provide an itemized statement of billed services and/or an estimate of charges upon request.

The Texas Department of Insurance publishes a brochure describing your rights entitled "Health Maintenance Organizations". Access this document on TDI's web site at www.tdi.state.tx.us/pubs/consumer/cb069.html or call 1-800-252-3439 to request a copy.

** Upon request the HMO also must tell you whether a specific drug is on the HMO's list of approved prescription drugs (formulary) within 3 business days of your request.*

Types of health plans

	HMO <i>Health Maintenance Organization</i>	PPO <i>Preferred Provider Organization</i>	HMO/POS <i>Health Maintenance Organization with Point of Service Option</i>	Traditional Insurance <i>Fee-for-Service</i>
Type of Network	<u>Closed Network</u> You must use doctors, hospitals and specialists who are members of the HMO's network except in an emergency.	<u>Open Network</u> You may use doctors, hospitals, and specialists who are members of the PPO's network or go outside the network.	<u>Open Network</u> You may use doctors, hospitals, and specialists who are members of the HMO's network or go outside the network.	<u>No Network</u> You may use any doctor, hospital, or specialist you choose.
Limitations on your choice of doctors	HMO plans typically require that you choose a primary care physician (PCP) from the HMO's network. Before seeing other doctors in the network, such as specialists, you must get a referral from your PCP. However, HMOs must allow women to choose and see a network gynecologist without a referral. The law also allows direct access to specialists in certain situations. <i>See page 4 for more information.</i> Some HMOs, called open access HMOs, allow you to go to any doctor in the network without a referral.	Most PPOs allow you to go to any doctor on the network without a referral. Some PPOs require you to choose a PCP and get a referral from that doctor before seeing other doctors in the PPO's network. This requirement, if applicable, does not affect your ability to go to doctors outside the network.	Generally, you are required to choose a PCP and get a referral from that doctor before seeing other doctors in the HMO's network. This requirement does not affect your ability to go to doctors outside the network.	No limitations.
Incentives to use network doctors	Generally, the HMO will not pay unless you use its doctors (except emergency care). If your employer offers only an HMO, it must include a point of service option. This provision does not apply to small employer plans. <i>See HMO/POS.</i>	The PPO will pay a greater portion of the charge if you use its doctors who are in the network.	The HMO/POS will pay a greater portion of the charge if you use its doctors who are in the network.	Not applicable.
Payment for services	You pay designated copayments for doctor visits, prescription drugs, emergency visits and inpatient hospital stays. Generally you do not pay a deductible (an amount you must pay each year before the health plan begins to pay) or co-insurance (a percentage of the charges). A doctor in the HMO network cannot bill the patient for any balance after the copay is met.	When you use the PPO network, you usually pay copayments similar to an HMO. A PPO may also require you to pay a percentage of the doctor's charge. When you go outside the network, you pay a higher percentage of the charges and a deductible. These charges may be substantially higher than the discounted rates charged by preferred providers or network providers. The PPO bases its percentage on what is usual and customary, leaving you to pay your percentage share and any balance.	When you use the HMO network, you pay copayments as described under HMO. When you go outside the network, you pay a percentage of the charges and a deductible. The HMO/POS bases its percentage on what is usual and customary, leaving you to pay your percentage share and any balance.	Generally, you pay a deductible and a percentage of the doctor's charge (co-insurance). The insurer bases its percentage on what is usual and customary, leaving you to pay your percentage share and any balance.

Survey (CAHPS™ 4.0H) Results for Central Texas Plans

The counties included in the Central Texas area are:

Bastrop	Burnet	Grimes	Leon	Mills
Bell	Caldwell	Hamilton	Limestone	Robertson
Blanco	Coryell	Hays	Llano	San Saba
Bosque	Falls	Hill	Madison	Travis
Brazos	Fayette	Lampasas	McLennan	Washington
Burleson	Freestone	Lee	Milam	Williamson

While analysis of the consumer survey was performed for all commercial health maintenance organizations (HMOs) in Texas, only the results for the plans that provide services in the Central Texas area are featured in this section of the report.

Not all HMOs provide services in each county listed here. HMOs whose service area is mainly in another region of the state are included in this section if their service area extends into at least one county in the Central Texas region. The city/area shown after the name of each HMO indicates its main area of service. Contact plans directly for details on the areas they serve.

If your HMO is not included in the following section, it may be exempt from participating in the survey due to its low enrollment or its short time of participation in the Texas commercial HMO market during 2007.

Survey (CAHPS™ 4.0H) Results for Gulf Coast Texas Plans

The counties included in the Gulf Coast Texas area are:

Austin	Galveston	Walker
Brazoria	Harris	Waller
Chambers	Liberty	Wharton
Colorado	Matagorda	
Fort Bend	Montgomery	

While analysis of the consumer survey was performed for all commercial health maintenance organizations (HMOs) in Texas, only the results for the plans that provide services in the Gulf Coast Texas area are featured in this section of the report.

Not all HMOs provide services in each county listed here. HMOs whose service area is mainly in another region of the state are included in this section if their service area extends into at least one county in the Gulf Coast Texas region. The city/area shown after the name of each HMO indicates its main area of service. Contact plans directly for details on the areas they serve.

If your HMO is not included in the following section, it may be exempt from participating in the survey due to its low enrollment or its short time of participation in the Texas commercial HMO market during 2007.

While analysis of the consumer survey was performed for all commercial health maintenance organizations (HMOs) in Texas, only the results for the plans that provide services in the Panhandle/Plains Texas area are featured in this section of the report.

Not all HMOs provide services in each county listed here. HMOs whose service area is mainly in another region of the state are included in this section if their service area extends into at least one county in the Panhandle/Plains Texas region. The city/area shown after the name of each HMO indicates its main area of service. Contact plans directly for details on the areas they serve.

If your HMO is not included in the following section, it may be exempt from participating in the survey due to its low enrollment or its short time of participation in the Texas commercial HMO market during 2007.

Survey (CAHPS™ 4.0H) Results for West Texas Plans

The counties included in the West Texas area are:

Brewster	Hudspeth
Culberson	Jeff Davis
El Paso	Presidio

While analysis of the consumer survey was performed for all commercial health maintenance organizations (HMOs) in Texas, only the results for the plans that provide services in the West Texas area are featured in this section of the report.

Not all HMOs provide services in each county listed here. HMOs whose service area is mainly in another region of the state are included in this section if their service area extends into at least one county in the West Texas region. The city/area shown after the name of each HMO indicates its main area of service. Contact plans directly for details on the areas they serve.

If your HMO is not included in the following section, it may be exempt from participating in the survey due to its low enrollment or its short time of participation in the Texas commercial HMO market during 2007.

Complaint Data

The following section contains an analysis of state-wide information collected by the Texas Department of Insurance.

HMO Complaint Data

The tables and charts shown in this section provide you with important information regarding the number and type of complaints against HMOs that have been registered with the Texas Department of Insurance (TDI) by medical providers, patients and others.

Most Common Reasons for Complaint

Analysis of complaints filed against HMOs with the Texas Department of Insurance indicates that total complaints increased 7% compared to the prior reporting year. The greatest change was seen in the number of complaints relating to **UNSATISFACTORY SETTLEMENT OFFER**, with an increase of 118% compared to the prior reporting year. While complaints were down in almost every other category, the decrease was least pronounced in complaints relating to **DELAYS IN CLAIMS HANDLING** (29%). A decrease (27%) in the number of complaints filed by patients and an increase in the number of complaints filed by providers (18%) was also observed.

Most Common Reasons for Complaint		2008	2007	2006	2005	2004
Unsatisfactory Settlement Offer	Often relates to health care providers dissatisfied with HMO compensation for services	40.4%	19.9%	28.4%	26.6%	24.2%
Denial of Claim	Provider and patient complaints related to denial of coverage for health care service	20.0%	32.2%	27.1%	25.8%	23.0%
Delays in Claims Handling	Provider and patient complaints about lack of timeliness in which claims are handled	12.9%	19.2%	19.0%	25.9%	25.3%
Recoupment of Claims Payment	Relates to overpayment by HMO and subsequent dispute when HMO requires refund from provider	2.3%	3.8%	4.3%	2.2%	-
Balance Billing	Inappropriate billing of the patient for charges the HMO is expected to pay	1.1%	1.0%	1.8%	2.0%	3.5%
Timely Filing Deficiency	A dispute between an insurance company and a provider regarding the timely	0.4%	1.9%	5.2%	1.5%	-
Access to Care	Usually related to HMO gatekeeping functions or internal bureaucracy	0.2%	0.4%	1.6%	1.7%	2.2%

Explanatory Notes

Disposition

Closed complaints against HMOs are reported regardless of whether TDI determines the complaint justified or unjustified.

Verification

The Office of Public Insurance Counsel does not audit or otherwise attempt to verify the accuracy of the complaint or enrollment data used in this section of the report.

Complaint Frequency

The overall number of complaints filed by providers and patients increased for the 2008 reporting year. An analysis of prior year trends indicates that after a brief increase in the percentage of complaints filed by patients last year, these complaints are decreasing once again. For the current reporting period, the percentage of complaints filed by providers (includes doctors, hospitals and other health care contracted and non-contracted providers) increased by 18%

How does your plan compare to the others?

The charts and tables that follow will help you determine how your HMO plan compares to others in Texas in terms of the number of complaints (patient, provider and combined) filed with the TDI per 10,000 members enrolled in the plan. Unlike the customer survey portion of this report, the complaint data is reported at the state-wide level. HMOs are grouped together depending on whether their enrollment was above or below 50,000 members.

Appeals and Complaints

If your health plan refuses to pay for health care that you or your physician thinks is necessary or appropriate, you have the right to appeal its decision. When your health plan makes such a refusal, it must also tell you how to use its' internal appeals process.

If your appeal is denied, you have the right to request a review by a neutral third party called an Independent Review Organization (IRO). The IRO has 20 days to issue its decision.

If your condition is life threatening, you may go directly to the IRO without using your plan's internal appeals process. The IRO then has 8 days to issue its' decision. HMOs are required to pay for the IRO appeal process and comply with the IRO's decision.

You may be able to take legal action against an HMO if you have been harmed by its health care treatment decisions.

Complaints against HMOs may be filed with the Texas Department of Insurance (TDI). Complaints against health care providers should also be directed to the appropriate licensing or enforcement agency.

For more information on independent review or filing complaints (and other patients' rights), contact the TDI's IRO Information Line (888) 834-2476 and Consumer Help Line (800) 252-3439.

Sources of Financial Information

Several organizations publish information about the financial strength of HMOs and other insurance companies in Texas. The financial condition of a health plan can impact its ability to timely pay claims and, in extreme cases, may affect quality of care. Unusually high complaint levels against a health plan, especially by medical providers, are sometimes an indication of poor financial condition.

For financial strength ratings of Texas health plans,
you may contact the following organizations:
