

WHAT TO DO AFTER A WILDFIRE

-  File your claim with your insurance company.
-  Make sure people know how to contact you.
-  Document your damage by making a list and taking pictures or videos.
-  Only make repairs that are necessary to protect your property from any more damage until your company has seen the damage.
-  Ask for and save itemized receipts for repairs and living expenses.

OFFICE OF PUBLIC
INSURANCE COUNSEL

WILDFIRE RESOURCES

Texas Division of Emergency Management (TDEM) | 512 424-2208 | www.dps.texas.gov/dem

TDEM coordinates the state emergency management program, and implements plans and programs to help prevent or lessen the impact of emergencies and disasters. Contact TDEM for disaster information and assistance.

Federal Emergency Management Agency (FEMA) | 800-621-3362 | www.disasterassistance.gov

FEMA is a federal agency that responds to state of emergency disasters. Contact FEMA to see what assistance is available to you.

Texas Department of Insurance (TDI) Consumer Help Line | 800-252-3439 | www.tdi.texas.gov

TDI regulates the Texas insurance industry. Contact their helpline if you need information, help finding your agent or company, have a complaint, or to report suspected fraud.

Office of Public Insurance Counsel (OPIC) | 877-611-6742 | www.opic.texas.gov

We are a state agency that works to make the Texas insurance market more transparent and responsive to its customers. Contact us if you need help understanding your insurance or if you need general insurance information.
